**FOR IMMEDIATE RELEASE**

**OneCommute’s OneApp Manager utilized by City of Bellevue, Washington for the deployment of “Choose Your Way Bellevue” mobile app**

Alpharetta, GA, October 12, 2023

OneCommute, a leading provider of commuter transportation solutions, is announcing its partnership with the City of Bellevue, Wash., to provide the Choose Your Way Bellevue app. The app has been in use since December 2022 and has received nearly 300 downloads since. By utilizing OneCommute's simple-to-use OneApp Manager, the city brought a comprehensive commuter transportation application directly to the fingertips of its residents and visitors. As a high-tech employment center, leader in sustainability and a key destination city in the Pacific Northwest, Bellevue recognized the value of using technology application solutions to help workers, residents, and visitors more easily access sustainable transportation options across the city.

Choose Your Way Bellevue, an initiative aimed at promoting sustainable commuter transportation options, is now easily accessible anywhere and anytime through the convenience of the new app. From planning daily biking or walking commutes, to signing up for vanpool/carpool, to discovering transit options, Choose Your Way Bellevue empowers commuters with a range of sustainable transportation information, all in one app.

The city’s goal with this app solution was to offer the community a user-friendly and seamless way to explore sustainable commuting and travel options and make informed decisions about how to use these options.

The OneCommute OneApp Manager provides a streamlined experience for app users, enabling them to see a wide array of transportation information, including real-time transit updates, the city’s bike map, carpool matching, and more. The app allows Bellevue residents and employees to easily plan their daily trips, reduce their carbon footprint, and contribute to a greener and more sustainable city.

**Key Features of the Choose Your Way Bellevue App:**

- Real-time transit updates
- Personalized commute planning
- Transit route planning
- Carpool and vanpool matching

- Bellevue Bike Map
- Incentive programs for sustainable commuting

"OneCommute is thrilled to partner with the City of Bellevue in launching the Choose Your Way Bellevue app," said Steve Wheeler, Managing Partner, OneCommute. "We are committed to providing cutting-edge transportation solutions that enhance commuters' lives while fostering a sustainable future."

About OneCommute: OneCommute is a leading provider of transportation solutions, offering innovative platforms and services that promote sustainable commuting and reduce traffic congestion. Through cutting-edge technology and user-friendly interfaces, OneCommute empowers commuters to make informed transportation decisions, contributing to a cleaner and more connected community.

The Choose Your Way Bellevue app is available for iOS and Android devices.
